

HIAS Entrepreneurship Workshop, 9 May 2025

The [Hellenic Institute of Advanced Studies](#) (HIAS) organizes the workshop:

HIAS Entrepreneurship Workshop: “Science, Innovation, and Entrepreneurship: Interfaces and Frontiers”, 9 May 2025 at the Latsis Foundation in Kifissia.

Please be informed by the following announcement.

You are invited to the **HIAS Entrepreneurship Workshop**, organized by the Hellenic Institute of Advanced Studies (HIAS), on **Friday, May 9, 2025**, at the **Latsis Foundation in Athens, Greece**: [Event Information](#)

This exclusive workshop is designed to explore the exciting intersection of **scientific innovation and business acumen**. Participants will gain insights into **transforming groundbreaking research into successful ventures**, with a focus on navigating the unique opportunities and challenges of the Greek entrepreneurial landscape.

Why Attend?

- ◆ **Leverage your research** – Exchange on how to bridge the gap between academia and industry.
- ◆ **Funding & commercialization insights** – Learn on pathways to securing grants, venture capital, and industry collaborations.
- ◆ **Interdisciplinary networking** – Connect with peers, potential collaborators, and experienced entrepreneurs.
- ◆ **Policy and ecosystem discussions** – Understand the role of scientific entrepreneurship in shaping Greece’s innovation landscape.

Due to **limited seating**, participation is **by invitation only**. To apply, please submit your application via the official registration page:
