Language, Individual & Society, 15th International Conference (25-28 August) [Read more](#)

With COVID-19, many scientists may encounter travel difficulties. Therefore, we decided to allow participants to change the type of presentation (oral, poster, or online) up to 30 days before the conference's actual date.

Online participants can present oral presentations and posters; they will receive all printed materials (program, certificate, etc.) from the event and publish their papers. There is no limit to the number of changes allowed in the presentation type.

The papers presented will be published in open-access journals, part of [International Scientific Publications](#).

Organized by Bulgarian Academy of Sciences, Union of Scientists in Bulgaria, Science & Education Foundation and partners.

Best regards,
Science & Education Foundation, Bulgaria
